12. **“Overseas spend”** refers to retail transactions for goods and services posted in foreign currencies (other than Singapore dollars), excluding transactions which are excluded from the awarding of DBS Points as set out in the DBS Rewards Programme Terms and Conditions.
13. DBS determines an online transaction based on system indicators. These indicators are decided by the merchant and their banker, and passed to DBS when the transaction is posted to the Card.
14. The transaction date is determined based on the merchant settlement date between the merchant and their acquirer (subject to merchant or their acquirer’s timezone).
